

Curriculum Vitae: Christian Hoischen

Education

1980	Abitur, Reismann-Gymnasium Paderborn
1980 - 1986	Study of Biology, Eberhard-Karls-University Tübingen
1986	Diploma in Biology, Eberhard-Karls-University Tübingen and GBF Braunschweig
1990	PhD degree (Biology) Institute of Biotechnology 1, FZ Jülich and Heinrich-Heine-University Düsseldorf.

Professional experience

1986	Diploma thesis, GBF Braunschweig „Sugar metabolism in <i>Sorangium cellulosum</i> “
1987 – 1990	PhD thesis Institute of Biotechnology 1, FZ Jülich and „Promotionsstudium“ Heinrich-Heine-University Düsseldorf. "Glutamate secretion in <i>Corynebakterium glutamicum</i> "
1991 - 1993	Feodor-Lynen-fellowship of the A. v. Humboldt-foundation host: M. H. Saier, jr., University of California San Diego. “Regulation of bacterial carbon metabolism”
1993 – 1998	Scientist in the research group “Prokaryotic Cell Biologie” Institute of Molecular Biotechnology (IMB) Jena. „Bacterial membranes“
Nov. – Dez. 1996	Scientific stay in Moscow
1999 - present	Scientist in the Molecular Biology Group, FLI Jena I. “Interaction of the MCC with the APC/C “ II. “Bacterial kinetochores“
Teaching:	Lectures, practical courses and seminars at the FSU
